

BLOCH

Executive MBA

Ranked #1 in Career Impact
Among U.S. Public Universities - *Financial Times* 2007

The Bloch Executive MBA provides exceptional executive education for ambitious professionals seeking to advance their careers. In just 21 months, the program arms participants with relevant learning and innovative experiences, resulting in a substantial return on investment. Our alumni report increased motivation and confidence, improved ability to analyze complex situations, enhanced leadership capabilities, and greater earning potential as a result of participating in the Bloch Executive MBA.

WHAT SETS US APART

The Bloch Executive MBA is the region's premier graduate business degree. The program begins each year in August, and students attend class three days per month with summers and holidays off. The program includes four immersion residencies to enhance classroom learning -- leadership, innovation, public policy (Washington D.C) and international (China). The Bloch Executive MBA offers:

- **Real world applicability** using live case studies, consulting experiences and opportunities to address current issues at work.
- **Individualized executive coaching** that finely hones communication, persuasion, decision-making, and teamwork skills.
- **World-class faculty**, including Dr. Michael Song, who is the #1 ranked innovation management scholar in the world.
- **A powerful executive network** that allows participants to create invaluable relationships with local/national business leaders and 82,000 UMKC alumni.
- **Prestige and credibility** - the Bloch EMBA program was named one of the top programs worldwide by Financial Times in 2007 and is accredited by AACSB International.

THE IDEAL CANDIDATE

Participants in the Bloch Executive MBA program are carefully selected by an admissions committee and the class is limited to 40 students. Ideal candidates for the Bloch Executive MBA program have:

- A minimum of eight years professional work history
- Progressive management experience -- management experience can include people, projects or budgets
- An undergraduate degree
- The ability and desire to succeed in a challenging and exciting learning environment
